### 三、外资企业情况

近年来，宝鸡不断优化营商环境，为外商投资提供优质的服务和便利条件。截至2023年上半年，现有在册外资企业54户，主要涉及机电、轻工、建材、化工、房地产开发、农业开发、食品、医药、文化娱乐以及社会服务等行业。

### III. the situation of foreign-funded enterprises

In recent years, Baoji has continuously optimized the business environment and provided high-quality services and convenient conditions for foreign investment. As of the first half of 2023, there are 54 registered foreign enterprises, mainly involved in electromechanical, light industry, building materials, chemical industry, real estate development, agricultural development, food, medicine, culture and entertainment, as well as social services and other industries.

### 四、提升对外开放格局

当前，宝鸡整持续推进高水平对外开放，融入共建“一带一路”大格局和西部陆海新通道，加快建设阳平铁路物流基地二期，建成综合保税区基础配套（二期）及跨境电商进出口商品交易中心，推进中亚、东南亚班列常态化运行，落实特殊监管区政策和跨境贸易便利措施。

参加德国汉诺威工业展、欧洲钛工业展览会，办好石油装备跨采会、国际机器人展和首届中国（宝鸡）国际酒业展览会等活动。

#### （一）推动宝鸡港务区建设

宝鸡港务区组建于2019年4月，由陆港新城、空港新城、综合保税区、宝鸡会展中心组成，总规划面积91.4平方公里。产业发展构建“1主2辅”产业体系，即1个核心引领产业临港制造业、2个辅助现代服务业现代物流和国际贸易服务业。定位于打造“一带一路”重要的国际生产枢纽港、国家枢纽经济发展示范区、西部地区外向型经济发展示范区、关中平原城市群重要的国际交往中心。

陆港新城组团位于宝鸡陈仓区，主要以阳平铁路物流基地为支撑，重点布局仓储物流及机床工具、轨道交通、汽车等物资吞吐量大的先进装备制造业，推动中欧国际货运宝鸡专列常态化，打造宝鸡陆运口岸。

空港新城组团位于宝鸡市凤翔县，将发展临空经济辐射区，重点布局电子、通讯、仪表、航材等高附加值产业及航空配套产业，聚力打造西部地区重要的航空物流枢纽。

综合保税区组团位于宝鸡市高新区，重点布局出口加工、国际贸易、跨境电商等外向型产业。区内“一环一横四纵”道路管网、保税仓库、标准化厂房、综合联检大楼已建成。

会展中心组团位于宝鸡市陈仓区，距市行政中心10公里，规划重点发展商务会展、科技研发、金融、法律等服务产业。

### IV. The pattern of opening up to the outside world

#### Make the Baoji Port Area bigger and stronger

At present, Baoji continues to promote a high level of opening to the outside world, into the construction of the "Belt and Road" pattern and the western land and sea new channel, accelerate the construction of the second phase of the Yangping Railway Logistics Base, the completion of the Comprehensive Bonded Zone infrastructure (Phase II) and cross-border e-commerce import and export commodities trading centre, to promote the Central Asia, Southeast Asia, the normal operation of the liner train, the implementation of the special The company will implement the policies of special supervisory zones and cross-border trade facilitation measures. Participate in the Hannover Messe in Germany, the European Titanium Industry Exhibition, run a good oil equipment cross-fertilisation meeting, international robotics exhibition and the first China (Baoji) International Wine Exhibition and other activities.

Baoji Port Area was formed in April 2019, consisting of Landport New City, Airport New City, Comprehensive Bonded Zone and Baoji Convention and Exhibition Centre, with a total planning area of 91.4 square kilometres. Industrial development to build "1 main and 2 auxiliary" industrial system, that is, a core leading industry port manufacturing industry, 2 auxiliary modern service industry modern logistics and international trade services. Positioned to build "one belt and one road" important international production hub port, national hub economic development demonstration area, the western region export-oriented economic development demonstration area, the Guanzhong Plain urban agglomeration, an important centre of international exchanges. Land Port New City Group is located in Chencang District, Baoji, mainly supported by Yangping Railway Logistics Base, focusing on the layout of warehousing and logistics and machine tools, rail transportation, automotive and other materials throughput of advanced equipment manufacturing industry, to promote the normalisation of Sino-European international freight Baoji special train, to create the Baoji Land Transportation Port. Airport New City Group is located in Fengxiang County, Baoji City, will develop the radiation zone of airside economy, focusing on the layout of electronics, communications, instrumentation, aviation materials and other high value-added industries and aviation supporting industries, and focus on building an important aviation logistics hub in the western region. Comprehensive bonded zone group is located in Baoji High-tech Zone, focusing on the layout of export processing, international trade, cross-border e-commerce and other export-oriented industries. A ring, a horizontal and four vertical" road network, bonded warehouses, standardised factories, comprehensive joint inspection building has been completed. The Convention and Exhibition Centre Cluster is located in Chencang District, Baoji City, 10 kilometres away from the city's administrative centre, with a focus on the development of business exhibitions, science and technology research and development, finance, law and other service industries.

### (二) 提升口岸开放水平

不断完善宝鸡国际内陆港功能，与西安港务区互联互通、共建共享、错位发展，加快配套项目实施进度。

实现中欧班列（宝鸡）“始发、常态化巩固、返程”目标，2023年常态化开行中欧、中亚、中老班列75列，发送货物1760个标箱，货值约6.13亿元。

推动建成阳平铁路物流基地货二线、全市公共物流服务平台等项目，配合签约江苏、浙江、山东、河南、广东等23个中欧班列运输代理客户，带动境外商品及上下游产业向宝鸡港聚集。

加强与霍尔果斯、阿拉山口、上海港、连云港、天津港等边境口岸的互检互认和通关一体化协作，打通便捷“出海口”。

统筹铁路、航空、公路规划，启动宝鸡航空口岸开放申报工作，加快区域内客运和货运发展，放大宝鸡陆港辐射力。逐步打通北部湾的南向铁海联运大通道，提升以中欧班列为带动的西向陆路运输大通道，构建陆海互济、东西畅达、南北贯通、通江达海的内陆口岸新通道。

### Promote the establishment of open ports

Continuously improve the function of Baoji International Inland Port, interconnect with Xi'an Port Area, build and share, stagger development, and speed up the implementation progress of supporting projects. Achieve the goal of "departure, regular consolidation and return" of China-Europe shuttle train (Baoji), and in 2023, 75 China-Europe, Central Asia and China-Lao shuttle trains will be regularised, sending 1,760 TEUs of goods with a value of about 613 million yuan. Promote the completion of the Yangping Railway Logistics Base cargo line two, the city's public logistics service platform and other projects, with the signing of Jiangsu, Zhejiang, Shandong, Henan, Guangdong and other 23 China-European liner shipping agency customers, driving overseas commodities and the upstream and downstream industries to the Baoji Port gathering. Strengthen the mutual inspection and mutual recognition and customs integration collaboration with border ports such as Khorgos, Alashankou, Shanghai Port, Lianyungang, Tianjin Port, etc., and open up a convenient "sea". Co-ordination of railway, aviation, highway planning, start Baoji aviation port opening declaration work, accelerate the development of passenger and freight transport in the region, amplify the radiation power of Baoji dry port. Gradually open up the Beibu Gulf southward railway and sea transport channel, enhance the westward land transport channel driven by the China-European Union shuttle bus, and build a new inland port channel of land and sea, east and west, north and south, and the river and the sea.

### （三）提升园区经济外向型水平

加强园区基础设施建设，不断完善服务功能。

- 支持宝鸡高新区、蟠龙高新区积极建设外资项目“区中园”，加快推进宝鸡高新区中欧国际产业园建设；
- 支持蔡家坡经开区创建国家外贸转型升级基地；
- 支持凤翔高新区、眉县经开区、姜谭经开区等园区打造外向型产业园；
- 提升金河工业园、陈仓科技工业园、扶风新兴产业园、凤州现代科技产业园等县域工业园区外向度。

### Enhance the outward-oriented level of park economy

Strengthen the infrastructure construction of the park and continuously improve the service functions. Support Baoji High-tech Zone, Panglong High-tech Zone to actively build foreign investment projects "zone in the park", accelerate the construction of Baoji High-tech Zone in China and Europe International Industrial Park; support Caijiapo Economic Development Zone to create a national foreign trade transformation and upgrading base; support Fengxiang High-tech Zone, Meixian Economic Development Zone, Jiangtan Economic Development Zone and other parks to create an export-oriented industrial parks; to enhance the Jinhe Industrial Park, Chencang Science and Technology Industrial Park, Fufeng Emerging Industry Park, Fengzhou Modern Science and Technology Industrial Park and other county industrial parks outward orientation.

### (四) 跨境电商等服务平台

大力引进各类跨境电子商务企业(电商平台),着力推进跨境出口B2B模式,带动宝鸡本地产品扩大出口。

依托跨境电商出口企业在“一带一路”沿线国家建立宝鸡名优产品海外仓、宝鸡名优产品展示展销中心等。

推动跨境电子商务企业和其他产业深度融合、集聚发展,打造进口商品展示展销、保税物流仓储配套服务、供应链金融服务等多功能的跨境电子商务产业园。

### create cross-border e-commerce and other service platforms

Vigorously introduce all kinds of cross-border e-commerce enterprises (e-commerce platforms), and endeavour to promote the B2B mode of cross-border export, so as to drive the expansion of exports of Baoji's local products. Relying on cross-border e-commerce export enterprises to establish overseas warehouses for Baoji's famous products in countries along the Belt and Road, as well as display and exhibition centres for Baoji's famous products. Promote the in-depth integration of cross-border e-commerce enterprises and other industries, agglomeration and development, and create a multifunctional cross-border e-commerce industrial park with the functions of imported goods display and exhibition, bonded logistics and warehousing supporting services, and supply chain financial services.

### 五、打造国家物流枢纽

宝鸡生产服务型国家物流枢纽按照“一枢纽、双节点”形态布局，由阳平铁路物流基地和泰华物流中心两个片区构成，用地面积3484亩。其中，阳平物流基地依托陇海线阳平铁路站而建，以铁路干线运输组织、公铁联运为主要形式，以原材料、零部件供应链物流服务为核心；泰华物流中心位于宝鸡高新区陆港汽车配套产业园，重点服务于宝鸡市汽车等装备制造产业。2023年4月26日，在全国物流园区工作年会暨国家物流枢纽建设联合推进会上，国家发改委经贸司张江波副司长为成功入选“2022年国家物流枢纽建设名单”的25个枢纽单位授牌，其中“宝鸡生产服务型国家物流枢纽”获得授牌。

宝鸡生产服务型国家物流枢纽2021年共完成物流作业量808万吨，并借助铁路干线、铁海联运、中欧班列，与西安、郑州、成都、连云港、天津、阿拉山口、二连浩特等地国家物流枢纽进行业务协同，全面纳入国家物流枢纽运行网，助力实体经济物流服务提质、降本、增效。预计至2025年，将完成物流作业量1200万吨，带动降低物流费用10亿元，成为带动关中平原城市群经济发展的重要引擎。

### V. National logistics hub

Baoji production service-oriented national logistics hub in accordance with the "a hub, two nodes" form layout, by the Yangping Railway Logistics Base and Taihua Logistics Center, two areas, with a land area of 3,484 acres. Among them, Yangping Logistics Base relies on the Longhai Line Yangping Railway Station and built to the railroad trunk transportation organization, public-railway intermodal transport as the main form of raw materials, parts and components of the supply chain logistics services as the core; Taihua Logistics Center is located in Baoji Hi-Tech Zone Land Port Automobile Supporting Industrial Park, focusing on the service of Baoji City, automobile and other equipment manufacturing industry. 2023, April 26, in the National Logistics Park Annual Meeting and the national logistics hub construction joint promotion meeting, the national logistics center is located in Baoji City. On April 26, 2023, at the National Logistics Park Work Conference and National Logistics Hub Construction Joint Promotion Meeting, Mr. Zhang Jiangbo, Deputy Director of Economic and Trade Department of the National Development and Reform Commission, awarded plaques to 25 hubs that were successfully selected for the "2022 National Logistics Hub Construction List", among which, "Baoji Production and Service National Logistics Hub" was awarded a plaque.

Translated with DeepL.com (free version) Baoji production service-oriented national logistics hub in 2021 to complete a total of 8.08 million tonnes of logistics operations, and with the help of the railway trunk line, rail-sea intermodal transport, China-European Union liner, and Xi'an, Zhengzhou, Chengdu, Lianyungang, Tianjin, Alashankou, Erlianhot and other places in the national logistics hub for business synergies, and comprehensively integrated into the national logistics hub operation network, to help improve the quality of the logistics

### 六、构建综合交通运输体系

#### (一) 宝鸡市综合立体交通网

“十字”大走廊:由国家综合立体交通网中“大陆桥走廊”与“西部陆海走廊”交汇构成。

大陆桥走廊,自东向西串起长三角城市群,经中原城市群至关中平原城市群,向西经兰西城市群至乌昌石城市群,是连接我国东、中、西三大经济带、承载“一带一路”战略的重要横向交通走廊。主要依托连霍高速、徐兰高铁、陇海铁路、G310、航空;

西部陆海走廊,北起内蒙古甘其毛都口岸,经宁夏沿黄城市群至关中平原城市群,向南经成渝城市群,至北部湾城市群,是连通我国北方与南方、串联中蒙俄经济走廊与西部陆海新通道的重要纵向交通走廊。主要依托银昆高速、宝中铁路、G244、G344、S219、航空。

### VI. Comprehensive Transport System

#### Baoji City comprehensive three-dimensional transport network

The "Cross" Corridor: The "Mainland Bridge Corridor" and the "Western Land and Sea Corridor" in the national comprehensive three-dimensional transport network are intertwined. Continental Bridge Corridor, from east to west string of the Yangtze River Delta city cluster, through the Central Plains city cluster to the Guanzhong Plain city cluster, to the west through the Lanxi city cluster to the Wuchangshi city cluster, is connected to China's eastern, central and western three major economic zones, carrying "The Belt and Road" strategy of the critical horizontal transport corridor. Mainly rely on Lianhuo high-speed, Xulan high-speed rail, Longhai Railway, G310, aviation; western land and sea corridor, north from Inner Mongolia Ganqimao port, through the Ningxia along the yellow city cluster to the Guanzhong Plain urban agglomeration, to the south through the Chengdu-Chongqing urban agglomeration to the Beibu Gulf urban agglomeration, is to connect China's north and south, linking the China-Mongolia-Russia economic corridor and the western land and sea corridor of the new passage of the crucial longitudinal transport corridor. It mainly relies on Yinkun Expressway,

“多向放射”通道:

宝鸡经庆阳至呼包鄂榆通道，是南北向的第二能源通道，实现关中平原城市群西部与陕北及内蒙的连通，主要依托宝麟铁路、麟绛高速、G244、航空。

宝鸡经铜川、渭南至华北、山东半岛通道，是扩展关中平原城市群对内与对外东西向经济联系的新通道，是带动渭北轴线城镇发展、形成宝鸡连通华北大部与山东半岛城市群的直通通道，主要依托菏宝高速、G342、S312、航空。

宝鸡经陇南至九寨沟至成都通道，是关中平原城市群西南方向重要的旅游通道，远期通达成都形成西安、成都两大国家中心城市之间的第二通道，主要依托太凤高速、眉太高速、宝成铁路、G316、航空。

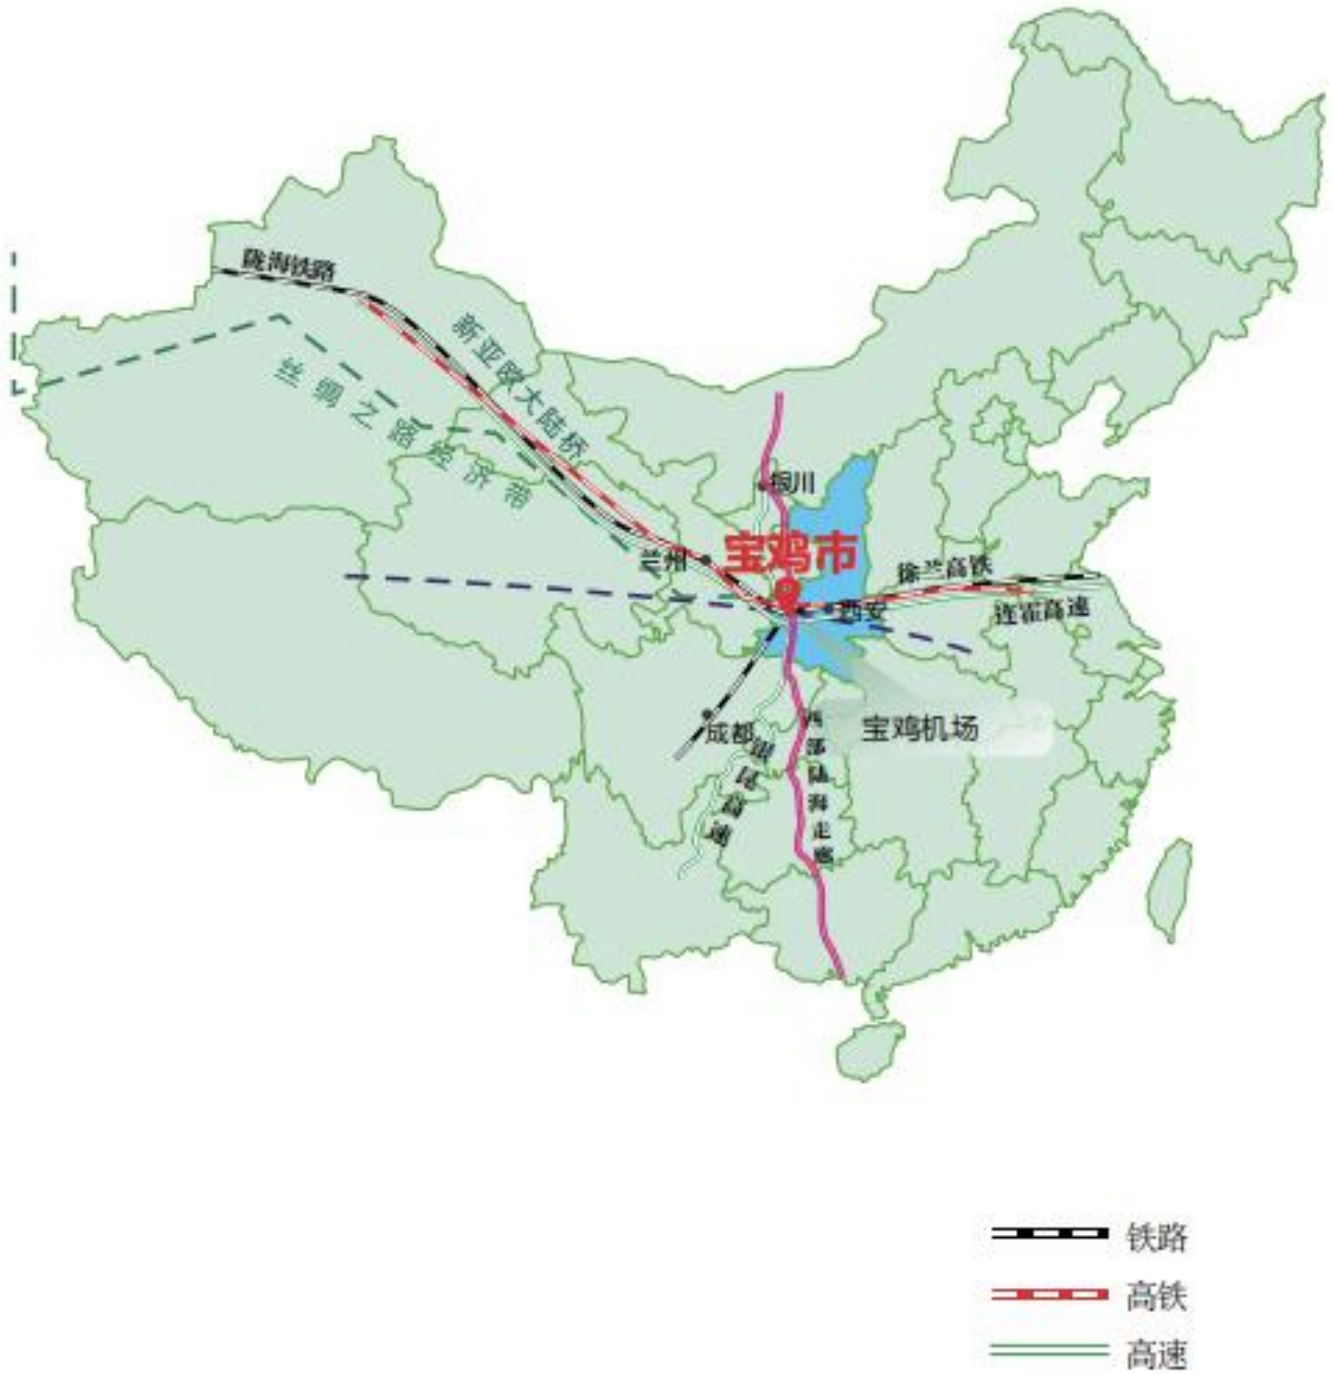

宝鸡经安康至长江中游城市群通道，是连通黄河流域与长江经济带的重要走廊，远期将实现宝鸡、安康两市的直通通道。主要依托宝太高速(规划)、G244、S218、航空。

"Multi-directional radiation" channel: Baoji through Qingyang to Hubao-Eyu channel is the second north-south energy corridor to achieve the Guanzhong Plain urban agglomeration in the western part of the northern Shaanxi and Inner Mongolia, mainly relying on the BaoLin Railway, Linjiang high-speed, G244, aviation. Baoji through Tongchuan, Weinan to North China, Shandong Peninsula channel, is to expand the Guanzhong Plain urban agglomeration of internal and external east-west economic ties of the new channel, is to drive the development of towns and cities in Weibei Axis, the formation of Baoji connected to North China and Shandong Peninsula urban agglomeration of the through passage, relying mainly on the Hebao Expressway, G342, S312, aviation. Baoji through Longnan to Jiuzhaigou to Chengdu channel, Guanzhong Plain city cluster southwest direction is a vital tourism channel, long-term access to Chengdu to form the second channel between Xi'an, Chengdu, two national central cities, mainly relying on Taifeng Expressway, Meitai Expressway, Baocheng Railway, G316, aviation. Baoji through Ankang to the city group in the middle reaches of the Yangtze River is an important corridor connecting the Yellow River Basin and the Yangtze River Economic Belt. In the long run, it will realise the direct passage between Baoji and Ankang. It mainly relies on Bao Tai Expressway (planning), G244, S218 and aviation.

## Chapter 2 Overview of Baoji Industry

### 一、宝鸡产业布局体系：“45511”现代产业体系

宝鸡正着力构建“45511”现代产业体系，即钛及新材料、汽车及零部件、优势装备制造、食品工业四大优势产业；航空航天、新能源、机器人及关键零部件、电子信息、生物医药与健康设备五大新兴产业；现代物流、研发设计、现代金融、商务会展、信息技术五大生产性服务业，推动高端能源化工产业发展，推动文旅商体融合发展。

到2026年，以先进制造业为引领的现代产业体系基本形成，四大优势产业产值全部突破千亿，战略性新兴产业增加值占GDP比重达到15%以上。

### I. Baoji Industrial Layout System: "45511" Modern Industrial System

Baoji is focusing on building "45511" modern industrial system, namely, titanium and new materials, automobiles and parts, advantageous equipment manufacturing, food industry, the four major industries; aerospace, new energy, robotics and key components, electronic information, biomedicine and health equipment, five emerging industries; modern logistics, R & D design, modern finance, business exhibition, information technology, five production services. finance, business exhibition, information technology, five major productive service industries, promote the development of high-end energy and chemical industry, and promote the integration of culture, tourism, business and sports. By 2026, the modern industrial system led by advanced manufacturing industry will be basically formed, the

### （一）做强四大优势产业

#### 1.做强钛及新材料产业集群

围绕“世界钛都、中国钛谷”，全力打造以钛，包括镍、钨、钼、钽、铌、锆、铪等稀有金属为主的结构钛合金、功能钛合金、钛合金精深加工、钛合金装备及应用、残钛回收为一体的新型绿色钛材料产业体系。

重点部署航空用大规格锻件及型材，海洋用钛材，化工、医疗、体育休闲、建筑、汽车工程等领域钛产品开发及产业化项目。

进一步提升海绵钛加工基础技术，聚力推动钛材料高端化发展，协同创新一批国际科技前沿、国家重大战略工程、航空航天、海洋工程和新能源开发等领域的新型钛合金材料关键前沿技术。

重点建设钛及新材料产业园、钛及钛合金航空材料产业园、军民融合新材料产业园等特色产业园区。

### (I) Strengthen the four advantageous industries

#### 1. Strengthen the titanium and new materials industry cluster

Focusing on the "World Titanium Capital and China Titanium Valley", the company is making every effort to build a new green titanium materials industry system integrating structural titanium alloys, functional titanium alloys, deep processing of titanium alloys, titanium alloy equipments and applications, and recycling of residual titanium, based on titanium, including nickel, tungsten, molybdenum, tantalum, niobium, zirconium, hafnium, and other rare metals. Focus on the deployment of large-size forgings and profiles for aviation, titanium materials for marine use, titanium product development and industrialisation projects in the fields of chemical industry, medical care, sports and leisure, construction and automotive engineering. Further enhance the basic technology of titanium sponge processing, focus on promoting the high-end development of titanium materials, and collaborate to innovate a number of new titanium alloy materials key cutting-edge technologies in the fields of international scientific and technological frontiers, major national strategic projects, aerospace, marine engineering and new energy development. Focus on the construction of titanium and new materials industrial park, titanium and titanium alloy aviation materials industrial park, military-civilian integration of new materials industrial park and other characteristics of industrial park.

### 2. 做强汽车及零部件产业集群

深入推进汽车产业“一城两区五基地”建设，以高档合资重卡、中轻卡、专用车与汽车零部件研发生产，中高端自主品牌乘用车、新能源与智能网联汽车为主攻方向，在天然气重卡、新能源汽车等细分市场形成领先优势，打造立足西部、全国知名的“丝路汽车名城”。

### Strengthening the automotive and parts industry cluster

Deeply promote the construction of "one city, two districts and five bases" in the automobile industry, focusing on the R&D and production of high-grade joint venture heavy-duty trucks, medium and light-duty trucks, special-purpose vehicles and auto parts, medium and high-end passenger cars of independent brands, and new energy and intelligent Internet-connected vehicles, forming a leading edge in the natural gas heavy-duty trucks, new energy vehicles and other market segments, and creating a famous "Silk Road Automobile City" based on the west and the whole country. The city will become a well-known "Silk Road Automobile City" in China.

## Chapter 2 Overview of Baoji Industry

### 3. 做强优势装备制造产业集群

做强轨道交通产业，打造轨道线路装备、轨道工程机械、牵引供电系统三大产业集聚区，建设宝鸡中车时代轨道工程车辆产业园、宝桥轨道交通装备配套产业园、高铁电气装备科技产业园，加大铁路道岔、桥梁、接触网、轨道工程车辆及配件的研发制造，建成全国轨道交通装备制造基地。

做专石油装备产业，依托国家油气钻井装备工程技术研究中心，重点发展全井深系列、全气候系列的石油钻机、海洋钻井平台及集成装备。

抢抓国家发展管道运输机遇，以石油输送管、石油专用管为重点，加快布局民用管生产项目，建设全国石油装备制造基地。

做精机床工具产业，重点发展高速、精密的大型高端数控机床、磨床、铣床，加快研发五轴联动复合铣床中心、卧式加工中心和专用数控机床，着力打造整机、核心功能部件及工具自主配套能力强的产业体系，建成全国机床工具制造基地。

做大电力装备产业，以宝光集团、西电宝鸡电气、宝鸡铁塔制造公司等企业为核心，加大继电保护装置、开关设备成套化、智能化关键技术攻关，加快智能断路器、智能开关以及具有高海拔和超低温的高压真空断路器、输变电、通讯基站设备研发制造。

### Strengthen the advantageous equipment manufacturing industry cluster

To strengthen the rail transport industry, to build three major industrial clusters of rail line equipment, rail engineering machinery and traction power supply system, to build Baoji CRRC Times Railway Engineering Vehicle Industrial Park, Baoqiao Railway Transportation Equipment Supporting Industrial Park and High-speed Railway Electrical Equipment Technology Industrial Park, to increase the research and development of railway turnouts, bridges, contact nets, rail engineering vehicles and accessories, and to build a national rail transport equipment manufacturing base. To specialise in oil equipment industry, relying on the National Oil and Gas Drilling Equipment Engineering Technology Research Centre, focusing on the development of full-well depth series, full-climate series of oil drilling rigs, offshore drilling platforms and integrated equipment. Seize the opportunity of the national development of pipeline transport, focusing on oil pipeline, oil pipe, accelerate the layout of civil pipe production projects, the construction of the national oil equipment manufacturing base. Do fine machine tool industry, focusing on the development of high-speed, precision large-scale high-end CNC machine tools, grinding machines, milling machines, accelerate the research and development of five-axis composite milling centres, horizontal machining centres and special CNC machine tools, and strive to build the whole machine, core functional components and tools independent supporting capacity of the industrial system, built the national machine tool manufacturing base. To expand the power equipment industry, with Baoguang Group, Western Electric Baoji Electric, Baoji Tower Manufacturing Company and other enterprises as the core, to increase the relay protection devices, switchgear sets, intelligent

### 4. 做强食品工业产业集群

推动主食(烘焙)、酒类、畜禽类、果蔬饮品和特色民俗食品加工业高质量发展。做强种植、分拣、精深加工、存储、配送、销售全产业链。建成全国凤香型白酒生产基地。打造陕西中烟三类以上高档次卷烟生产区。大力推进陇县工业园羊乳制粉生产线二期、羊乳清蛋白粉生产线、羊乳化妆品研发生产等项目建设进度，建成全国羊乳产业基地。推进苹果、猕猴桃深加工，发展高端果汁、果干、榨菜、速冻蔬菜等特色产品。支持推动臊子面、擀面皮、空心挂面、花椒芽菜、核桃油、食用醋、食用菌脆片等特色产品做大做强。

### Strengthening the food industry cluster

Promote the high-quality development of staple food (bakery), alcohol, livestock and poultry, fruit and vegetable drinks and speciality folk food processing industry. Strengthen the whole industrial chain of planting, sorting, deep processing, storage, distribution and sales. Build a national production base for Fengxiang-type liquor. Build Shaanxi China Tobacco's high-grade cigarettes production area of more than three types. Vigorously push forward the construction progress of the second phase of goat milk powder production line, goat whey protein powder production line, goat milk cosmetic R&D and production projects in Longxian Industrial Park, and build a national goat milk industry base. Promote the deep processing of apples and kiwis, and develop high-end fruit juice, dried fruit, squash, frozen vegetables and other special products. Support the promotion of bashful noodles, rolling dough, hollow hanging noodle, edible fungi

### (二) 做大五大新兴产业

#### 1. 做大航空航天产业

以宝成航空、烽火通信、凌云电器、航天时代等企业为龙头，努力突破光纤陀螺、航空传感器、导航和识别导航综合系统等一批关键技术，加快发展军民两用无人机、旋翼机等关键设备装备。

### (II) Expanding five emerging industries

#### 1. Enlarge the aerospace industry

Taking BaoCheng Aviation, Fenghuo Communication, Lingyun Electrical Appliances, Aerospace Times and other enterprises as the leader, we will make efforts to break through a number of key technologies such as fibre optic gyroscope, aviation sensors, navigation and identification and navigation integrated system, and accelerate the development of dual-use drones, rotorcraft and other key equipment and equipment.

### 2. 做大新能源产业

抓住碳达峰、碳中和等政策机遇，发展太阳能光伏、风能、生物质能及地热能等新能源产业。大力发展电力储能技术，打造一批光伏、风力发电+储能示范项目。推广应用垃圾、农林生物质及生物质耦合发电技术。积极探索电解水制氢、甲醇制氢技术。加强新能源汽车研发、生产和制造，加快充换电、加氢等基础设施建设。

### Enlarge the new energy industry

Seize the opportunities of carbon peak and carbon neutral policies to develop new energy industries such as solar photovoltaic, wind power, biomass energy and geothermal energy. Vigorously develop power storage technology, and create a number of photovoltaic, wind power generation + energy storage demonstration projects. Promote the application of rubbish, agricultural and forestry biomass and biomass coupling power generation technology. Actively explore hydrogen production from electrolytic water and hydrogen production from methanol. ## Chapter 2 Overview of Baoji Industry

Improving the five major productive service industries  
Optimising modern logistics

Promote the construction of a production service-oriented national logistics hub. Promote the development of "dry port + free trade zone" international logistics integration linkage, strengthen the synergy between Baoji dry port and Xi'an International Port Area and dry ports in provinces and regions such as Chongqing, Sichuan, Guizhou and Guizhou, and create a supply chain service platform for the manufacturing industry in Baoji, and an organisational centre for the manufacturing industry in the Guanzhong Plain urban agglomeration. Realise the regularity of the China-Europe, Central Asia Baoji special train and China-Europe shuttle train "Baoxiu". Promote the construction of national backbone cold chain logistics base. Relying on the national kiwifruit industrial park in Meixian County, build a national backbone cold chain logistics base in Baoji. Giving full play to the demonstration and leading role of the base, it has built the Shaanxi-Gansu-Ningxia (International) Agricultural Products Logistics Centre, the Mingrun Agricultural Products Logistics Park and other cold-chain logistics facilities, so as to create a distribution centre for special fresh agricultural products that gathers in the north-west and radiates across the country. A number of specialised cold chain logistics enterprises with advanced technology, standard operation and strong competitiveness will be introduced and cultivated, and logistics parks for special

### 2. 做优研发设计

用好秦创原创新驱动平台，完善创新体系，培育创新主体，深化协同创新，加速成果转化。围绕四大优势产业集群及五大新兴产业，支持龙头企业开展基础研究和应用基础研究，突破“卡脖子”关键核心技术，培育高价值发明专利，促进应用研究与产业化对接融通，引领产业发展不断迈向中高端。强化基础通用标准研制，支持企业建立质量技术标准体系，主导和参与国际标准、国家标准、行业标准的制订修订，提高宝鸡制造标准在行业领域的话语权。

### Optimising R&D and design

We will make good use of the Qinchuangyuan Innovation Drive Platform to improve the innovation system, cultivate innovation subjects, deepen collaborative innovation, and accelerate the transformation of achievements. Focusing on the four advantageous industrial clusters and five emerging industries, support leading enterprises to carry out basic research and applied basic research, break through the "neck" key core technologies, cultivate high-value invention patents, promote the docking and integration of applied research and industrialisation, and lead the development of industries to the medium and high end. Strengthen the development of basic general standards, support enterprises to establish a quality and technical standards system, leading and participating in the formulation and revision of international standards, national standards, industry standards, and improve the discourse power of Baoji manufacturing standards in the industry.

### 二、宝鸡产业布局

宝鸡市围绕“一核引领、四带协同、多极支撑”现代产业空间布局，建设各类产业基地。

“一核”，即宝鸡中心城区高端产业核心区。重点依托宝鸡高新区、宝鸡港务区、蟠龙高新区、姜谭经开区，金台区科技工业园、大数据产业园、福临堡工业片区、金河工业园片区，渭滨区互联网产业园、清姜工业片区，陈仓区科技工业园、周原和县功工业片区等产业功能区，壮大先进制造业规模，培育发展战略性新兴产业，加快金融保险、文化旅游、现代商务、现代物流、科技研发等现代服务业发展，全面提升中心城区经济实力。

“四带”，即渭河高端产业创新发展带、渭北现代产业融合发展带、麟陇新型能源开发带和秦岭生态休闲旅游带。高端产业创新发展带。重点发展钛及新材料、高端装备、汽车及零部件、现代金融、文化旅游、信息服务、商务会展、科技研发、现代物流等现代产业，着力打造宝鸡中高端产业带。渭北现代产业融合发展带。融合发展绿色能源化工、现代农业、高端食品、新材料、新型建材等优势产业，以园区为依托，加快建设产业集聚区，着力打造承接未来宝鸡现代产业集聚基地。麟陇新型能源开发带。大力推行洁净煤电发电技术，推进煤电气风光并举，因地制宜布局太阳能、光伏、风能等新能源产业，加快形成现代能源基地，着力打造宝鸡经济跨越发展的增长极。秦岭生态休闲旅游带。在严格保护生态红线的前提下，统筹发展优质杂粮、特色果品、蔬菜生产、旅游休闲等生态产业，着力打造文化、旅游、产业、生态四位一体的城市生态产业带。

“多极”，即包括蔡家坡经开区、眉县经开区、凤翔高新区、麟游经开区，岐山建材工业园、扶风科技工业园、眉县科技工业园、眉县常兴工业园、陇县工业园、千阳环保产业园、凤县凤州现代科技产业园、太白县生态工业园，眉县国家现代农业(猕猴桃)产业园、陇县国家级农业(奶山羊)产业园、凤县省级现代农业产业园、千阳省级现代农业产业园、太白省级现代农业产业园，太白山温泉旅游度假区、法门寺文化景区等。

### II. Baoji Industrial Base

Baoji City, around the "a nuclear lead, four belt synergy, multi-pole support" modern industrial spatial layout, the construction of various types of industrial bases.

"A core", i.e. the core area of high-end industries in the central city of Baoji. Focusing on Baoji Hi-tech Zone, Baoji Port Area, Panglong Hi-tech Zone, Jiangtan Economic and Technological Development Zone, Jintai Science and Technology Industrial Park, Big Data Industrial Park, Fulinburg Industrial Area, Jinhe Industrial Park Area, Weibin Internet Industrial Park, Qingjiang Industrial Area, Chencang Science and Technology Industrial Park, Zhouyuan and County Gong Industrial Area and other industrial zones, to grow the scale of advanced manufacturing industry, cultivate the development of strategic emerging industries, speed up the development of modern service industries, such as finance and insurance, culture and tourism, modern business, modern logistics, science and technology research and development, and comprehensively enhance the economic strength of the central city. We will expand the scale of advanced manufacturing industry, cultivate and develop strategic emerging industries, accelerate the development of finance, insurance, culture and tourism, modern business, modern logistics, science and technology research and development and other modern service industries, so as to comprehensively enhance the economic strength of the central city.

"Four belts", namely, the high-end industrial innovation and development belt of the Weihe River, the integration of modern industries in the north of Weihe, the new energy development belt of Linlong and the ecological recreation and tourism belt of the Qinling Mountains. High-end industrial innovation and development belt. Focus on the development of titanium and new materials, high-end equipment, automobiles and parts, modern finance, culture and tourism, information services, business exhibitions, science and technology research and development, modern logistics and other modern industries, and strive to create a

Linlong new energy development belt. Vigorously implement clean coal power generation technology, promote coal, electricity, gas, wind and light, layout of solar energy, photovoltaic, wind and other new energy industries, accelerate the formation of a modern energy base, and strive to create a growth pole of Baoji's economic leapfrog development. Qinling Ecological Leisure Tourism Belt. Under the premise of strict protection of the ecological red line, coordinate the development of high-quality grains, special fruits, vegetable production, tourism and leisure and other ecological industries, and strive to create a culture, tourism, industry, ecological four-in-one urban ecological industry belt.

"Multipolar", i.e., including Caijiapo Economic Development Zone, Meixian Economic Development Zone, Fengxiang High-tech Zone, Linyou Economic Development Zone, Qishan Building Materials Industrial Park, Fufeng Science and Technology Industrial Park, Meixian Science and Technology Industrial Park, Meixian Changxing Industrial Park, Longxian Industrial Park, Qianyang Environmental Protection Industrial Park, Fengxian Fengzhou Modern Science and Technology Industrial Park, Taibai County Ecological Industrial Park, Meixian National Modern Agricultural (Kiwifruit) Industrial Park, Long County National Agricultural (Dairy Goat) Industrial Park, Feng County Provincial Modern Agricultural Industrial Park, Qianyang Provincial Modern Agricultural Industrial Park, Taibai Provincial Modern Agricultural Industrial Park, Taibai Mountain Hot Springs Tourist Resort, Famen Temple Cultural Scenic Spot, and so on.
